Digital Extras Stay connected any time, anywhere.

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Digital Extras help to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Specific services for all-electric vehicles from Mercedes-Benz

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The specific navigation services for all-electric vehicles from Mercedes-Benz consider electrical range, topography and charging stations.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Mercedes-Benz Integrated ServiceCare

Effortless maintenance and peace of mind

Enjoy peace of mind with Mercedes-Benz Integrated ServiceCare, an exclusive service offering comprehensive support and maintenance, ensuring every aspect of your vehicle's upkeep, from brake fluid changes to dust filter replacements – all expertly handled.

With Integrated ServiceCare, you can enjoy worry-free maintenance coverage for up to 6 years or 90,000 km (56,250 miles), whichever comes first¹. This comprehensive plan covers all maintenance operations², including brake fluid change and dust filter replacement (Services A and B).

Integrated ServiceCare

Standard on all models³

Integrated ServiceCare includes:

Maintenance services – with a service schedule of A–B–A included, you can be reassured that all EQ-specific vehicle components are maintained, and your vehicle receives the appropriate level of care. Your preferred Mercedes-Benz Authorised Repairer will carry out either an 'A' or a more comprehensive 'B' service at the relevant mileage interval. This includes high-voltage battery conditioning checks as well as inspection of components, cables and sockets, and replacement of the dust filter. Parts, liquids and labour are all included.

Additional work – such as brake fluid replacement and servicing of panoramic sunroof mechanism. Parts, liquids and labour are all included.

Please note that the following items are not covered by the Integrated ServiceCare:

Battery replacement for KEYLESS-GO vehicle key

Refilling or replacing the fragrance system's flacon (AIR-BALANCE package)

¹The Integrated ServiceCare is fully transferrable to a new owner if there is coverage remaining

²Maintenance operations as defined by Mercedes-Benz AG

³All EQE Saloon models from MY805 onwards will come with Mercedes-Benz Integrated ServiceCare as standard

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or gesture (where fitted) input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand which individual seat the request has come from, and will therefore only respond to their specific request (e.g. adjusting the temperature for just the front passenger)

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touch controls on the centre console, as well as touch control buttons on the steering wheel

Personalisation

- Turn the EQE into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

MBUX multimedia system

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹LINGUATRONIC off-board functions are currently only available for three years

DOLBY ATMOS

An immersive audio experience

DOLBY ATMOS takes surround sound to the next level delivering a true spatial, 3D audio experience.

Designed to bring the same immersive, 360° sound you get from a movie theatre to your EQE by revealing more space, clarity and depth like never before.

In conjunction with Burmester® surround sound system, DOLBY ATMOS offers the highest level of in-car music enjoyment.

Consisting of:

- 15 high-performance speakers tuned to match the vehicle interior and each with its own amplifier channel
- DSP amplifier with a total output of 710 watts (2×120 watts, 7×50 watts, 6×20 watts)
- 2 broadband speakers in the front area for 3D sound
- Frontbass technology with subwoofers integrated into the body shell
- Sound optimisation
- Equalizer function for setting the bass, midrange and treble frequencies

EQE

Vehement power immediately from standstill: An electric motor at the rear axle converts electrical into mechanical energy, and delivers impressive forward thrust. The intelligent operating strategy of the powertrain components supplies the power always wherever it is needed at the moment – efficiently and nearly silently.

EQE 350+

Battery electric vehicle, 292 hp/215 kW
Electric range: 381–429 miles – WLTP

EQE 500 4MATIC

Battery electric vehicle, 408 hp/300 kW
Electric range: 342–386 miles – WLTP

Mercedes-AMG EQE 53 4MATIC+

Battery electric vehicle, 625 hp/460 kW
Electric range: 277–306 miles – WLTP

OTR from **£69,055¹**

OTR from **£82,555¹**

OTR from **£105,810¹**

Standard equipment

Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 metres

Charging socket

Charging system – rated at 11 kW AC (EQE 350+ and EQE 500 4MATIC)

Charging system – rated at 22 kW AC (Mercedes-AMG EQE 53 4MATIC+)

Charging system – rated at 170 kW DC

Pre-entry climate control²

Radar-based recuperation

Technical details

Electric range ³	277–429 miles
Charging time	
Public Rapid charger (170 kW DC) 10–80% ⁴	30–32 mins
Wallbox (22 kW AC) 10–100% ⁵	4 hrs 15 mins (Mercedes-AMG EQE 53 4MATIC+)
Wallbox (11 kW AC) 10–100% ⁵	8 hrs 30 mins – 10 hrs 15 mins
Range power consumption, combined ^{3,6}	161–236 Wh/km
Battery type (usable)	lithium-ion (90.5–96 kWh)
Capacity on-board charger	11 kW AC (EQE 350+ and EQE 500 4MATIC); 22 kW AC (Mercedes-AMG EQE 53 4MATIC+); 170 kW DC

Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control² when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. ³Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 170 kW. ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁶Specified voltage and current values refer to network infrastructure and can be limited by the vehicle.

Mercedes me Charge¹ Features

Mercedes me Charge¹ provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

Charging settings and pre-entry climate control¹

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes-Benz app. In addition, the current charge status can be retrieved at any time using the Mercedes-Benz app.

Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

Charging with IONITY

Discounted IONITY rapid-charging for one year at all IONITY stations.

Green charging

All charging using Mercedes me Charge¹, will be retrospectively 'greened' by Mercedes-Benz. Please click **here** for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

No fees

Mercedes me Charge¹ is standard with EQE.

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 1 year promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

Mercedes me Charge¹ Tariffs

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge¹ fixed-priced tariffs S, M and L. Owners of a new all-electric model will be entitled to the Mercedes me Charge¹ tariff L free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge¹ features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge¹ features
- Fixed prices per kWh (AC: £0.45/kWh, after 300 mins + £0.06/min; DC: £0.59/kWh)²
- IONITY rapid-charging stations discounted (£0.59/kWh)

Free of charge for the duration of 12 months.

Thereafter:

£10.90/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge¹ features
- Fixed prices per kWh (AC: £0.52/kWh, after 300 mins + £0.06/min; DC: £0.67/kWh)²
- IONITY rapid-charging stations discounted (£0.67/kWh)

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge¹ features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge¹ features
- Flexible prices per kWh

£0/month

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

²Tariff rate excludes the BP Pulse charging network

Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 1 year

Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

Home charging with Ohme: from £925* incl. VAT and standard installation

Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger!
To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change
†The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

Home charging with Pod Point: from £925* incl. VAT and standard installation

For full terms and conditions please visit <https://pod-point.com/legal/home-charger-terms-of-sale>

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 200,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Choice of tethered or untethered units; £925 for a 7 kW universal, and £975 for 7 kW tethered.

The Pod Point public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up to 15m of external cabling.

Utilise charge scheduling in conjunction with an off-peak EV tariff to reduce your charging costs by 70% compared with the current Energy Price Cap.¹

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.²

To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change ¹Based on an off-peak tariff of 8 p/kWh compared with the energy price cap as of 1 October 2023 of 26.92 p/kWh ²The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

DIGITAL LIGHT

High-definition headlamps with innovative features

The new innovative DIGITAL LIGHT headlamps works like a projector with more than one million pixels per headlamp and responds with brilliant light to changing traffic, road or weather conditions. Its ULTRA RANGE Highbeam with 650 m makes you feel like driving at daylight.

Standard on AMG Line Night Edition Premium, AMG Line Night Edition Premium Plus and all Mercedes-AMG models

Driving Assistance package and Driving Assistance package Plus Cares for what matters.

The EQE comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

Driving Assistance package¹ (code P79) – designed and priced as a package Standard on AMG Line Night Edition Premium

Active Distance Assist DISTRONIC responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

Blind Spot Assist

Driving Assistance package Plus¹ (code P20) – designed and priced as a package Standard on AMG Line Night Edition Premium Plus and all Mercedes-AMG models

Active Blind Spot Assist expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as exit warning function

Active Brake Assist with cross-traffic function with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph (previously 44 mph)

Active Distance Assist DISTRONIC responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

Active Emergency Stop Assist is able to assist in manual mode (previously on in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)

Active Evasive Steering Assist responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph (previously 44 mph)

Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Traffic Sign Assist

Congestion emergency braking function

Emergency corridor function

Exit warning function when hand moves towards the door handles

Extended automatic restart on motorways

Hazard display via ambience lighting

Increased availability and cornering performance on carriageways with **Active Steering Assist**, more stern warnings to put hands on the steering wheel with new capacitive steering wheel

PRE-SAFE® PLUS and Impulse Side with body-raising function: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment with end of traffic jam function and Active Stop-and-Go Assist adaption of speed before curves, roundabouts and junctions with end of traffic jam function

Active Lane Keeping Assist

Active Brake Assist

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

Mercedes-AMG EQE 53 4MATIC+ Night Edition

No-cost option shown: graphite grey metallic (code 831)

Electric mobility meets AMG heritage.

The Night Edition represents the perfect duality between luxury refinement and AMG high performance. Featuring a high specification as standard and striking exterior visuals there is no mistaking that this is a Mercedes-AMG. The high-performance dual motor set up provides 625hp and an equally impressive 3.5s 0–62 mph.

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

²Free of charge for three years from activation

³Please be aware Mercedes-Benz emergency call system comes as standard for the first 10 years of the vehicle's lifecycle

⁴The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

⁵Compatible smartphone required. For further details please visit <https://www.mercedes-benz-mobile.com/>

Standard equipment

● Standard – Not available

Services

Geofencing¹ – available to use free of charge for three years following activation², denotes a specific area and notifies via push message when the vehicle leaves or enters this area

Mercedes-Benz Integrated ServiceCare – the maintenance service covers all necessary maintenance work for 6 years or 90,000 km (56,250 miles)³

Mercedes me Charge¹ – fully integrated access to a host of public charging stations. A single contract covers all billing. One-time registration and activation as part of Digital Extras.¹ Use via app, MBUX multimedia system or RFID card

Parked vehicle locator¹ – available to use free of charge for three years following activation², shows the position of the parked vehicle in a radius of approx. 1.5 km

Personalisation¹ – available to use free of charge for three years following activation², stores settings such as the radio station or navigation destination in the personal driver profile and enables these to be used in vehicles with the same telematics generation, the profile can be linked to the key, and the functions can therefore already be activated before getting in

Programming of auxiliary heater/ventilation¹

Remote door locking and unlocking¹ – available to use free of charge for three years following activation¹, provides convenient remote monitoring

Remote retrieval of vehicle status^{1,2} – shows mileage, tyre pressure, washer fluid level, etc.

●	●	●	●

Remote vehicle finder¹ – available to use free of charge for three years following activation² indicators activated via the app help to draw attention to the vehicle, for example in large, confusing car parks

Sliding sunroof/windows with remote closing and opening including ventilation function¹ to use free of charge for three years following activation² for a breath of fresh air in the vehicle available

Send2Car function¹ – available to use free of charge for three years following activation², sends selected addresses via the app to the vehicle's navigation system, for example POIs or restaurants

Speedfencing¹

Stolen Vehicle Help¹ (free of charge for 3 years from activation) – this service reduces the bureaucratic effort required and gives you an advantage in terms of time. In the event of theft, you can report it to the police. You can transfer the police file number (depending on country) plus the relevant vehicle and owner information quite simply via app to our certified partner's security centre. This centre will then coordinate with the local police station to track your vehicle

Valet protect¹ – available to use free of charge for 3 years following activation² notifies via the app when the ignition is switched on/off and when the vehicle moves outside a defined radius (1 km, 2.5 km or 5 km)

Vehicle Tracking¹

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQE.

Velour floor mats CLASSIC

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour. The mats are precision-tailored to your Mercedes-Benz. (front and rear: A29568089039J74)

Rear trim strip

High-shine chromed rear trim strip. Coordinates with all chrome trim parts. (chrome: A2957570600)

DUO plus child seat, with ISOFIX

Mercedes-Benz 'DUO PLUS', suitable for children between the ages of around 9 months to 4 years (9-18 kg). Featuring ISOFIX attachments to make securely fitting the child seat even easier. The TopTether also offers additional safety. The height-adjustable shoulder belt and three seat positions offer additional comfort. The cover with an exclusive design can be removed and washed. This has been tested to Mercedes-Benz requirements. (A0009704302)

Coolbox

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. The portable refrigerator box is made up of a textile coating with fitted pockets and a zip. The inside, fixed plastic container is easy to clean. (A0008205409)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information. Images shown are for illustration purposes only.

¹Specified voltage and current values refer to network infrastructure and can be limited by the vehicle ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing page.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
				Standard rate (£)	Premium rate (£) ¹	Standard rate (£)	Premium rate (£) ¹	Standard rate (£)	Premium rate (£) ¹
A	0	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00
B	1 to 50	10.00	0.00	0.00	0.00	180.00	590.00	190.00	600.00

I	151 to 170	680.00	670.00	0.00	0.00	180.00	590.00	190.00	600.00
J	171 to 190	1,095.00	1,085.00	0.00	0.00	180.00	590.00	190.00	600.00
K	191 to 225	1,650.00	1,640.00	0.00	0.00	180.00	590.00	190.00	600.00
L	226 to 255	2,340.00	2,330.00	0.00	0.00	180.00	590.00	190.00	600.00
M	over 255	2,745.00	2,735.00	0.00	0.00	180.00	590.00	190.00	600.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

¹Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQE, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover.¹ It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

Battery Warranty

The battery is under warranty for either a maximum distance of 155,000 miles or up to ten years from the date of first registration, whichever comes first.

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects² and up to 30 years warranty against perforation due to corrosion from the inside out.³ What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.³

¹Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

²Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

³Subject to full Terms and Conditions, dependent on date of registration, available upon request

Effective from December 2024 Production. Information correct at time of publication 08.10.2024.
Prices and specifications are subject to change without prior notice.
