# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen as well as touch control buttons on the steering wheel

## Personalisation

- Turn the new E-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX - it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Mercedes me connect Stay connected any time, anywhere.

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

### Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

### Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at [shop.mercedes-benz.com/en-gb/connect](http://shop.mercedes-benz.com/en-gb/connect)

### Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

<sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

**E-Class**

# Plug-in Hybrid

# Plug-in Hybrid Electric Vehicles (PHEVs) E 300 e.

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO<sub>2</sub> emissions of 13g/km or less, the E 300 e Plug-in Hybrid are an environmentally conscious choice of driving.

## Saloon – E 300 e

1,999 cc, 4-cylinder, 204 hp/150 kW  
Electric motor – 129 hp/95 kW

### Available as:

AMG Line Advanced, AMG Line Premium and AMG Line Premium Plus

## Estate – E 300 e

1,999 cc, 4-cylinder, 204 hp/150 kW  
Electric motor – 129 hp/95 kW

### Available as:

AMG Line Advanced, AMG Line Premium and AMG Line Premium Plus

Saloon OTR from **£68,020<sup>1</sup>**

Estate OTR from **£70,270<sup>1</sup>**

### Standard equipment

AC charging system rated at 11 kW AC

Acoustic presence indicator

AGILITY CONTROL suspension

Charging cable – Mode 3 cable (5 metres, 16A) for wallbox and public charging stations at up to 11 kW

Remote and Charging Services Plus<sup>2</sup> – available to use free of charge for one year following activation (E 300 e only)

### Technical details

	Saloon	Estate
Equivalent All-Electric Range (EAER) <sup>3</sup>	60–71 miles	59–69 miles
Charging time		
Wallbox (11kW AC) 10–100% <sup>4</sup>	2 hrs	2 hrs
Public charging station (11kW AC) 10–100% <sup>4</sup>	3 hrs	3 hrs
Range power consumption, combined <sup>35</sup>	184–207 wh/100 km	191–214 wh/100 km
Battery type (capacity)	lithium-ion (25.4 kWh)	lithium-ion (25.4 kWh)
Capacity on-board charger	11 kW AC	11 kW AC

<sup>1</sup>The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. <sup>2</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. <sup>3</sup>The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. <sup>4</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). <sup>5</sup>The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency.

# Mercedes me Charge<sup>1</sup> One registration, one contract, one billing.

Mercedes me Charge<sup>1</sup> provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

## Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse+ membership which reduces the electricity price when charging.

## Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

## Green charging

All charging using Mercedes me Charge<sup>1</sup>, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

## Transparent and easy billing

One invoice charging processes for payment.

## Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

## No fees

Mercedes me Charge<sup>1</sup> is standard for one year with discounted IONITY rapid-charging for one year.

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

# Mercedes me Charge<sup>1</sup> Tariffs

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge<sup>1</sup> fixed-priced tariffs S, M and L. Owners of a new Plug-in Hybrid model will be entitled to the Mercedes me Charge<sup>1</sup> tariff M free of charge for the duration of 12 months.

## Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge<sup>1</sup> features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge<sup>1</sup> features
- Fixed prices per kWh (AC: £0.45/kWh; DC: £0.53/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.53/kWh)

**£10.90/month**

## Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge<sup>1</sup> features
- Fixed prices per kWh (AC: £0.52/kWh; DC: £0.61/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.61/kWh)

**Free of charge for the duration of 12 months.**

**Thereafter:**

**£4.90/month**

## Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge<sup>1</sup> features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge<sup>1</sup> features
- Flexible prices per kWh

**£0/month**

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers  
page: <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

<sup>2</sup>Tariff rate excludes the BP Pulse charging network

Price information is not guaranteed and is subject to change. Definitive price information can be found on the Digital Charging Solutions

# Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

## Home charging with Ohme: from £925\* incl. VAT and standard installation

### Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger!  
To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change  
†The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

# Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

## Home charging with Pod Point: from £925\* incl. VAT and standard installation

For full terms and conditions please visit <https://pod-point.com/legal/home-charger-terms-of-sale>

### Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 200,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Choice of tethered or untethered units; £925 for a 7 kW universal, and £975 for 7 kW tethered.

The Pod Point public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up to 15m of external cabling.

Utilise charge scheduling in conjunction with an off-peak EV tariff to reduce your charging costs by 70% compared with the current Energy Price Cap.<sup>1</sup>

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger<sup>2</sup>

To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

<sup>1</sup>Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change <sup>2</sup>Based on an off-peak tariff of 8 p/kWh compared with the energy price cap as of 1 October 2023 of 26.92 p/kWh <sup>3</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

<sup>1</sup>The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. <sup>2</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. <sup>3</sup>A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 49 for the relevant rate for the second and subsequent years. <sup>4</sup>The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

# Driving Assistance package Plus<sup>1</sup>

The Driving Assistance package Plus<sup>1</sup> contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

**Driving Assistance package Plus<sup>1</sup>** (code P20) – designed and priced as a package, including items listed below.

**Available on all models**

**Total incl. VAT £1,695.00**

**Active Braking Assist** with cross-traffic function can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences

**Active Distance Assist DISTRONIC** helps maintain the desired distance from the vehicle in front with extended automatic re-start on motorways

**Active Emergency Stop Assist:** immediate emergency braking if evasion is impossible with SOS function

**Active Evasive Steering Assist** can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

**Active Lane Keeping Assist** aids safe driving by monitoring the edges of the road and assists the driver with steering corrections to stay inside the lane

**Active Speed Limit Assist** ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

**Active Stop-and-Go Assist**

**Active Steering Assist:** targeted steering intervention to prevent unintentional drifting out of lane

**Active Traffic Sign Assist**

**Congestion emergency brake function**

**Emergency corridor function**

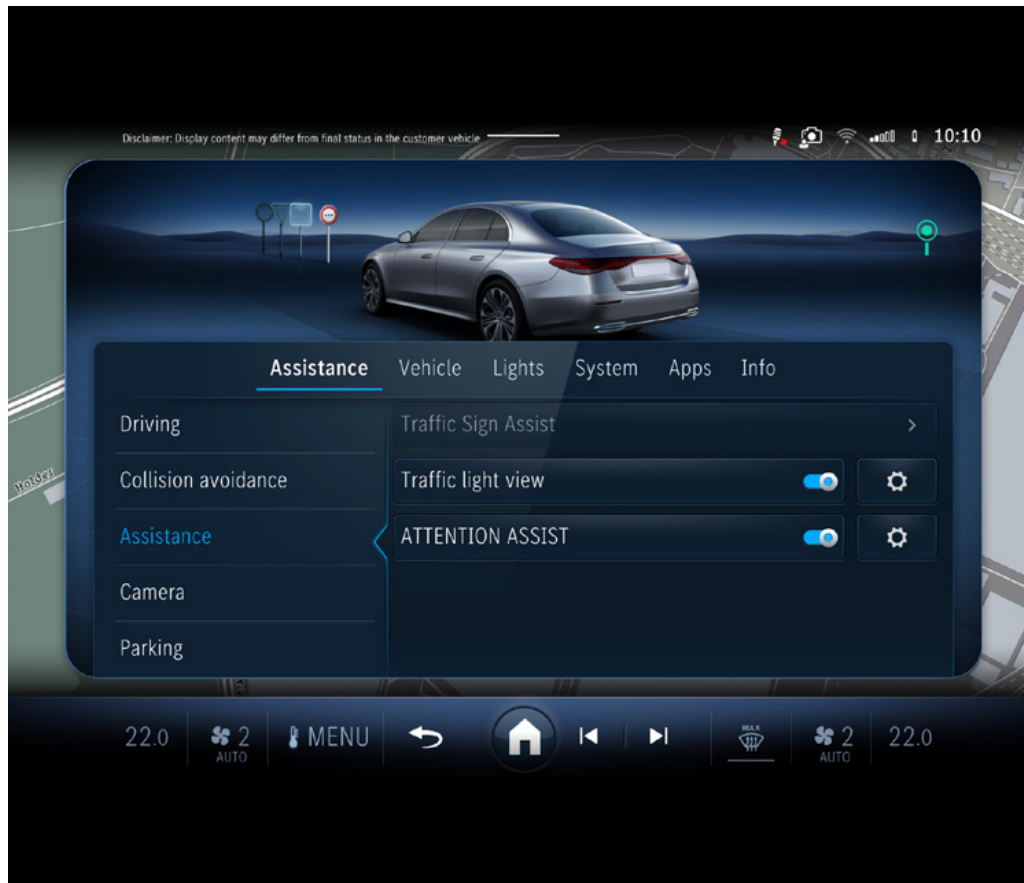

**Exit warning function**

**Extended automatic restart on motorways**

**Hazard display via ambient lighting**

**PRE-SAFE® PLUS incl. PRE-SAFE® Impulse Side** when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

**Route-based speed adjustment:** adaption of speed before curves, roundabouts and junctions with end of traffic jam function

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

# Trailer coupling with ESP® trailer stabilisation

With the trailer coupling with EPS® trailer stabilisation, you can hitch up trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

**Trailer coupling with ESP® trailer stabilisation (code 550)**  
**Available on all models**

**Total incl. VAT £695.00**

---

Electronically extending and retracting tow bar, via control button in boot

---

ESP® trailer stabilisation intervenes automatically when undesired oscillating motions are detected

---

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

The ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. The connection of the communication module to the mobile phone network including the emergency call system (eCall) are not available at present in some vehicles. For further information contact your local Mercedes-Benz Agent

<sup>2</sup>The availability of the control unit needed for 4G connectivity is temporarily limited for certain vehicles due to supply bottlenecks. This means that all Mercedes me connect services including the emergency call system (eCall) are not available at present in some vehicles. For further information contact your local Mercedes-Benz Agent

<sup>3</sup>Compatible mobile phone required. Please check [www.mercedes-benz-mobile.com](http://www.mercedes-benz-mobile.com) for details or contact your local Mercedes-Benz Agent for further information

# Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your E-Class.

## All season floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour. The mats are precision-tailored to your Mercedes-Benz.  
(front: A21368004029G33; rear: A21368002069G33)

## Boot mat, reversible

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. Made from 100% polyester. Double-sided: with rubberised, non-slip side and high-quality velour side. Prevents cargo from sliding around. Protects the load compartment floor from dirt and damp.  
(Saloon: A2136803206; Estate: A2136804304)

## Boot tub

Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available storage crate in place. Vehicle's load-securing rings remain accessible.  
(Saloon: A2138140600; Estate: A2138140100)

## Mud flaps

The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also protect following traffic from being struck by stones, water spray or mud. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle.  
(Saloon front: A2138900100; Saloon rear: A2138900200; Estate rear: A2138900300)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information. Images shown are for illustration purposes only.

--------	------------	----------------	-------------	------------	--------------	-----------------	--------------------	---------------------	----------------	------------------------

### Basic carrier bars for roof rails

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport solutions: ski and snowboard rack, bicycle rack or roof boxes.  
(Saloon: A2138900693;  
Estate: A2138900793)

### Semi-automatic trailer coupling

Semi-automatic folding trailer coupling, specifically for Mercedes-Benz vehicles. High corrosion protection.  
(Saloon: A2133100900; Estate: A2133101000)

### Bicycle rack

Easy to use, convenient and lightweight. Bicycles can be attached at ground level before the rack is fitted. Up to three bicycle carriers can be fitted at one time. The alustyle cycle carrier is designed for the new alustyle basic carrier bars, making your life easier, with know-how from Mercedes-Benz. (A000890029364)

### Mercedes-Benz roof box 400

Maximum load capacity of 75 kg. Roof box allows transport of winter and summer leisure accessories, including skis, snowboards and diving equipment. Easy to slide into place and secure. Special mounting kits for all Mercedes-Benz basic carrier bar systems included as standard. (A0008401100)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information. Images shown are for illustration purposes only.

<sup>1</sup>Figures according to Directive 80/1269/EEC in the currently applicable version    <sup>2</sup>The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging    <sup>3</sup>The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency    <sup>4</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase)

# Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO<sub>2</sub> emissions and the relevant Excise Duty are shown on the model pricing pages.

Band	CO <sub>2</sub> emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles

# Services and insurance

## Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your E-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[› Click here for more information](#)

## Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>1</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.<sup>2</sup> What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.<sup>2</sup>

## Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover<sup>3</sup>. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[› Apply for First Cover](#)

<sup>1</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents    <sup>2</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request  
<sup>3</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
