More is impossible

In off-road terrain the G-Class remains an unrivalled legend. It masters the key off-road disciplines effortlessly and with impressive results, e.g. gradeability, ground clearance, wading depth, angle of approach/departure and lateral slopes.

Front axle

It is executed as a double-wishbone axle with independent suspension and spring strut and ensures the necessary traction in even the most difficult off-road terrain. The new independent suspension enables more precise wheel location, thus in turn enabling better control of the G-Class.

Rear axle

Extremely robust rigid axle with high degree of axial twist supports the chassis and the body. The rigid axle is connected to the ladder frame by means of two lower and two upper trailing arms as well as a panhard rod, which prevents sideways movements in the suspension in terms of between the vehicle body and rigid rear axle, and ensures the necessary traction even in the most difficult terrain and based on the road surface.

Body

The ladder frame has formed the basis for the G-Class since the very beginning. The ladder frame consists of sheet steel of up to 3.4 mm in thickness with closed side members and cross members. This design is considerably more robust and better suited to off-road use than a self-supporting body.

Off-road performance

- Angle of approach/departure: 30.9°/29.9°
- Breakover angle: 25.7°
- Climbing ability: up to 100%
- Ground clearance: 24.1cm
- Maximum fording depth: 70 cm
- Side slope angle: up to 70%

Inside, luxury meets adventure

The G-Class combines timeless design with cutting-edge technology to create an atmosphere that is as relaxing as it is revolutionary.

Smartphone integration²

Smartphone integration² merges the mobile phone with the infotainment system via Apple CarPlay[®] and Android Auto[™]. This gives you convenient access to the most important applications on your smartphone. You can also use apps from third-party service providers such as Spotify quickly and easily.

THERMOTRONIC automatic climate control

The THERMOTRONIC automatic climate control system with three climate zones and three climate styles provide an individual feel-good atmosphere on board. The driver and front passenger are able to set the temperature, air distribution and climate style to suit their personal needs. The third climate zone is in the rear – with separately adjustable temperature and airflow.

COMAND Online¹

Get to your destination faster and in more relaxed style with COMAND Online, the navigation system which is perfectly integrated into the cockpit. Thanks to Live Traffic Information¹ and Car-to-X Communication, you can avoid traffic jams and be made aware of possible sources of danger even earlier, for example.

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

²Compatible mobile phone required.

Genuine accessories

We've developed a range of Accessories you can add to help personalise and enhance your G-Class.

Mercedes-Benz roof box 450

Impact-resistant, sturdy, durable, recyclable, spray-protected. Opens on both sides. Single lock system with three locking mechanisms on each side. Gas-filled struts for easy opening and closing of lid. Straps to hold contents in place. Maximum load capacity of 75 kg. (A0008401200)

Bicycle rack

Easy to use, convenient and lightweight. Bicycles can be attached at ground level before the rack is fitted. Up to three bicycle carriers can be fitted at one time. The alustyle cycle carrier is designed for the alustyle basic carrier bars, making your life easier, with know-how from Mercedes-Benz. (A0008900293)

Boot tub, shallow

For your everyday requirements the easy-clean boot tub suits all of your needs. The shape of the tub, with its slightly raised edge, is tailored to the boot with the honeycomb structure preventing slipping. (A4638140000)

Concertina load sill protector

The concertina load sill protector not only protects the boot, but also protects the bumper and boot sill from becoming scratched. As the mat can be folded out, even your clothes stay clean when loading. The load sill guard can be attached via hooks to the lifting eyes or can be attached via a velcro strip to the reversible mat or roof box. (A2536932000)

Basic carrier bars, three crossbars

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport accessories: ski and snowboard rack, bicycle rack or roof boxes. Fitted in next to no time without the use of tools, thanks to new, innovative quick-release fasteners. (A4638902900)

AMG indoor car cover

Silver-coloured, with black AMG lettering. The breathable outer layer in tearproof synthetic fibre and the antistatic inner layer in flannel protect the vehicle against dust and scratches. Elasticated edging at the front and rear ensures that the cover stays in place and provides an ideal fit, particularly for AMG models. (A4638990500)

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your G-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents ²Subject to full Terms and Conditions, dependent on date of registration, available upon request
³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
