

# smart #5 Premium

Where modern comfort meets quiet power.

Some cars fit into your day. Others elevate it. The **smart #5 Premium** blends refined design with long-range electric power – bringing sophistication, comfort, and functionality into perfect balance. With distinctive interior styling options, dual OLED display screens, and immersive sound, it turns time on the road into time well spent. And with ultra-fast charging and extended range, you can go further, stay longer, and enjoy the quiet confidence of knowing you're covered – no rush, no reroutes.

## Dual 13 inch OLED Central Display Screens

Two stunning OLED screens bring a more personal experience to both sides of the front seat. While the driver focuses on the road, the passenger can settle in with media, maps, or comfort controls – making every journey feel more relaxed and connected.

## Sennheiser Signature Sound System

Not just heard – felt. The 20-speaker Sennheiser audio system transforms music, podcasts, and even navigation cues into rich, immersive experiences. With elevated speaker design and clear acoustics, your daily drive becomes a private concert or a moment of calm.

## Ultra-Fast Charging and Extended Range

Power up from 10-80% in just 18 minutes and travel up to 366 miles on a single charge with a cutting-edge 800-volt battery. It's the long-range confidence to plan less, linger longer, and enjoy more of the journey between stops.
