

# smart #5 Pro / Pro+

Streamlined, spacious, ready for real life.

Meet the **smart #5 Pro / Pro+** – your spacious, all-electric ride built for comfort, simplicity, and everyday ease. It’s the bold new standard for entry-level EVs: streamlined, confident, and pre-loaded with intelligent features that make every drive feel like a step up. Whether you’re navigating the weekday rush or getting out of town for a well-earned break, the **#5 Pro / Pro+** keeps you grounded in comfort and moving smoothly through the rhythm of your day.

### Interactive Central Display

Your drive, at a glance. A 10.25 inch HD digital driver display and high-resolution 13 inch OLED central screen put navigation, entertainment, and essential information right where you need it.

### Intelligent Driving Assistant

Activate advanced driver support with a single press of the smart Pilot button on the steering wheel. From seamless parking to navigating traffic and unexpected situations, ADAS is an intuitive set of features that makes every trip smoother and safer.

### Panoramic Halo Roof

Let the light in and open up your drive. The panoramic halo roof brightens the cabin and amplifies the airy, expansive feel – with generous headroom that gives you more space to stretch out than you might expect.

### Extended Range for Pro+

Like the Pro, the Pro+ delivers a confident, well-equipped drive – but with an advanced 800-volt battery enabling ultra-fast charging for even greater freedom. Enjoy up to 366 miles of range, longer journeys, fewer stops, and more peace of mind.
