

smart #5 Summit Edition

Premium design.
Proven traction.

Some weekends are planned. Others just happen. The **smart #5 Summit Edition** is built for both – combining confident all-road capability with everyday refinement in a limited-edition design. With enhanced traction, a foldable electric trailer hitch, and an exclusive colorway you won't see everywhere, it's made for active days, extra cargo, and spontaneous escapes. Designed to handle more – and help you make the most of wherever you're headed.

All-Wheel Drive

From rainy commutes to weekend getaways, AWD helps you stay confident in all kinds of conditions. Whether you're navigating slick streets or gravel paths, it's added peace of mind for wherever life takes you.

Electric Foldable Trailer Hitch

Ready when you need it, hidden when you don't. The built-in electric hitch lets you tow gear or mount a bike rack with ease, then folds away neatly for a streamlined look.

Ultra-Fast Charging and Long Range

Charge from 10–80% in only 18 minutes with a cutting-edge 800-volt battery – just enough time to grab a coffee and choose your next destination. With up to 335 miles of range, you can take off on a whim without second-guessing the distance.
