# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or optional gesture input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

## Personalisation

- Turn the new EQB into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen, as well as touch control buttons on the steering wheel

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX - it will tell you the answer

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Digital Extras Stay connected any time, anywhere.

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

### Safety and Service – Digital Extras help to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

### Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at [shop.mercedes-benz.com/en-gb/connect](http://shop.mercedes-benz.com/en-gb/connect)

### Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

### Specific services for all-electric vehicles from Mercedes-Benz

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The specific navigation services for all-electric vehicles from Mercedes-Benz consider electrical range, topography and charging stations.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

<sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

--------	------------	-------------	------------	--------------	-----------------	--------------------	---------------------	----------------	------------------------

# EQB

The new EQB is the first all-electric member of the compact car family from Mercedes-Benz. Offering locally emission-free, efficient driving combining driving pleasure and performance with dynamic design.

## EQB 250+

Battery electric vehicle, 190 hp/140 kW  
Electric range 290–321 miles – WLTP

## EQB 300 4MATIC

Battery electric vehicle, 225 hp/168 kW  
Electric range 258–271 miles – WLTP

### Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is deactivated since wind and tyre noise tend to dominate at higher speeds

Battery – 70.5 kWh

Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 metres

Charging socket

Charging system – rated at 11 kW AC

Charging system – rated at 100 kW DC

Pre-entry climate control<sup>1</sup>

Radar-based recuperation

### Technical details

Electric range<sup>2</sup> 258–321 miles

Charging time

Public Rapid charging (100 kW DC) 10–80%<sup>3</sup> 32 min

Wallbox (11 kW AC) 10–100%<sup>4</sup> 7 hrs 15 min

Home wallbox (7.4 kW AC) 10–100%<sup>4</sup> 10 hrs 45 min

Electric energy consumption, combined<sup>2,5</sup> 158–190 Wh/km

Battery type (capacity) lithium-ion (70.5 kWh)

Capacity on-board charger 11 kW AC; 100 kW DC

### Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control<sup>1</sup> when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. <sup>2</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP> <sup>3</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 100 kW and can be limited by the vehicle

<sup>4</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase)

<sup>5</sup>Specified voltage and current values refer to network infrastructure

# MB.CHARGE Public<sup>1</sup> Features

MB.CHARGE Public<sup>1</sup> provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

## Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK.

## Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

## Charging settings and pre-entry climate control<sup>1</sup>

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes-Benz app. In addition, the current charge status can be retrieved at any time using the Mercedes-Benz app.

## Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

## Charging with IONITY

Discounted IONITY rapid-charging for one year at all IONITY stations.

## Green charging

All charging using MB.CHARGE Public<sup>1</sup> will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

## Transparent and easy billing

One invoice charging processes for payment.

## Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

## No fees

MB.CHARGE Public<sup>1</sup> is standard with EQB.

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 1 year promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs>

# MB.CHARGE Public<sup>1</sup> Tariffs

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the MB.CHARGE Public<sup>1</sup> fixed-priced tariffs S, M and L. Owners of a new all-electric model from Mercedes-Benz will be entitled to the MB.CHARGE Public<sup>1</sup> tariff L free of charge for the duration of 12 months.

## Tariff L

Recommended for 'frequent drivers'

Owners of a new all-electric model are entitled to the tariff L free of charge for 12 months, benefitting from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All MB.CHARGE Public<sup>1</sup> features
- Fixed prices per kWh (AC: £0.45/kWh, after 300 mins +£0.06/min; DC: £0.62/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.53/kWh)

**Free of charge for the duration of 12 months.**

**Thereafter:**

**£10.90/month**

## Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All MB.CHARGE Public<sup>1</sup> features
- Fixed prices per kWh (AC: £0.52/kWh, after 300 mins +£0.06/min; DC: £0.69/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.60/kWh)

**£4.90/month**

## Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the MB.CHARGE Public<sup>1</sup> features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All MB.CHARGE Public<sup>1</sup> features
- Flexible prices per kWh

**£0/month**

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>2</sup>Tariff rate excludes the BP Pulse charging network

Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 1 year promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs>

# Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

## Home charging with Ohme: from £925\* incl. VAT and standard installation

### Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger!  
To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change  
†The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

# Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

## Home charging with Pod Point: from £925\* incl. VAT and standard installation

For full terms and conditions please visit <https://pod-point.com/legal/home-charger-terms-of-sale>

### Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Choice of tethered or untethered units; £925 for a 7 kW universal, and £975 for 7 kW tethered.

The Pod Point public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up to 15m of external cabling.

Utilise charge scheduling in conjunction with an off-peak EV tariff to reduce your charging costs by up to 70% compared with the current Energy Price Cap.<sup>1</sup>

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.<sup>2</sup>

To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

<sup>1</sup>Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change <sup>2</sup>Based on an off-peak tariff of 8 p/kWh compared with the energy price cap until 31 March 2025 of 24.86 p/kWh <sup>3</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

<sup>1</sup>The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. <sup>2</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP> <sup>3</sup>A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 44 for the relevant rate for the second and subsequent years <sup>3</sup>The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

# Driving Assistance package

The Driving Assistance package<sup>1</sup> contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

**Driving Assistance package<sup>1</sup>** (code P79) – designed and priced as a package, including items listed on the right-hand side.

**Available on all models**

**Total incl. VAT £1,495.00**

**Active Blind Spot Assist** can warn the driver of vehicles in the blind spot during a lane change

**Active Braking Assist with cross-traffic function** can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences

**Active Distance Assist DISTRONIC** helps maintain the desired distance from the vehicle in front

**Active Emergency Stop Assist** immediate emergency braking if evasion is impossible

**Active Lane Keeping Assist** aids the driver with changing lanes by means of steering torque as soon as the driver initiates the change by activating the direction indicator

**Active Speed Limit Assist** ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

**Active Steering Assist** targeted steering intervention to prevent unintentional drifting out of lane

**Evasive Steering Assist** can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

**PRE-SAFE® system** makes use of the time prior to an impending accident on your behalf. A host of measures are able to reduce the loads generated as a result

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein of network providers

<sup>2</sup>Please be aware Mercedes-Benz emergency call system comes as standard for the first 10 years of the vehicle's lifecycle

<sup>3</sup>Compatible mobile phone required

<sup>4</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability

# Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQB.

### All season floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour. The mats are precision-tailored to your Mercedes-Benz. (front: A24368086009051; rear: A24368091009051; 3rd row: A24368097009051)

### Boot tub

Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. Vehicle's load-securing rings remain accessible. (A2438140100)

### Boot mat, reversible

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. Made from 100% polyester. Double-sided: with rubberised, non-slip side and high-quality velour side. Prevents cargo from sliding around. Protects the load compartment floor from dirt and damp. Easy to clean with warm water. (A2476841600)

### Mud flaps

The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also protect following traffic from being struck by stones, water spray or mud. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle. (front: A2478903800; rear: A2478903900)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information. Images shown are for illustration purposes only.

#### Basic carrier bars roof rails

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz. They provide the perfect basis for a range of Mercedes-Benz transport accessories: ski and snowboard rack, bicycle rack or roof boxes. Aerodynamic Mercedes-Benz design with optimised noise level. Crash-tested and lockable. (A2478903100)

#### Mercedes-Benz roof box 400, opens on both sides

Mercedes-Benz roof box. Capacity approx. 400 litres. Maximum load 75 kg. With handle strip for easier opening and closing. Please bear in mind your vehicle's permissible roof load. (A0008401100)

#### Bicycle rack

This extremely lightweight bicycle rack is designed to allow you to attach a bicycle to the basic carrier bars. Bicycles can either be attached to the rack once it has been fitted to the roof or, conveniently, before it is fitted. The support frame can also be folded down when not in use to reduce drag when travelling. Suitable for cycles with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). Please bear in mind your vehicle's permissible roof load. (A0008900293)

#### DUO plus child seat, with ISOFIX

Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the 'DUO plus' child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information. Images shown are for illustration purposes only.

# Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO<sub>2</sub> emissions and the relevant Excise Duty are shown on the model pricing page.

## VED applicable for registrations up to 31 March 2025

Band	CO <sub>2</sub> emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
				Standard rate (£)	Premium rate (£) <sup>1</sup>	Standard rate (£)	Premium rate (£) <sup>1</sup>	Standard rate (£)	Premium rate (£) <sup>1</sup>
A	0	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00
B	1 to 50	10.00	0.00	0.00	0.00	180.00	590.00	190.00	600.00
C	51 to 75	30.00	20.00	0.00	0.00	180.00	590.00	190.00	600.00
D	76 to 90	135.00	125.00	0.00	0.00	180.00	590.00	190.00	600.00
E	91 to 100	175.00	165.00	0.00	0.00	180.00	590.00	190.00	600.00
F	101 to 110	195.00	185.00	0.00	0.00	180.00	590.00	190.00	600.00
G	111 to 130	220.00	210.00	0.00	0.00	180.00	590.00	190.00	600.00
H	131 to 150	270.00	260.00	0.00	0.00	180.00	590.00	190.00	600.00
I	151 to 170	680.00	670.00	0.00	0.00	180.00	590.00	190.00	600.00
J	171 to 190	1,095.00	1,085.00	0.00	0.00	180.00	590.00	190.00	600.00
K	191 to 225	1,650.00	1,640.00	0.00	0.00	180.00	590.00	190.00	600.00
L	226 to 255	2,340.00	2,330.00	0.00	0.00	180.00	590.00	190.00	600.00
M	over 255	2,745.00	2,735.00	0.00	0.00	180.00	590.00	190.00	600.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price  
<sup>1</sup>Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

# Services and insurance

## Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your EQB, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

## Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover<sup>1</sup>. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

## Battery Warranty

The battery is under warranty for either a maximum distance of 100,000 miles or up to eight years from the date of first registration, whichever comes first.

## Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>2</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.<sup>3</sup> What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.<sup>3</sup>

<sup>1</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

<sup>2</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request

<sup>3</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

Effective from February 2025 Production. Information correct at time of publication 24.02.2025.

Prices and specifications are subject to change without prior notice.
