G-Class

Technology

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

More is impossible

In off-road terrain the G-Class remains an unrivalled legend. It masters the key off-road disciplines effortlessly and with impressive results, e.g. gradeability, ground clearance, wading depth, angle of approach/departure and lateral slopes.

OFFROAD COCKPIT

Off the beaten track, the new OFFROAD COCKPIT provides an overview of the relevant data for off-road driving in both the driver and media displays, as well as functions to support off-road driving.

Off-road performance

- Angle of approach/departure: 30.9°/29.9°
- Breakover angle: 25.7°
- Climbing ability: up to 100%

- Ground clearance: 24.1cm
- Maximum fording depth: 70 cm
- Side slope angle: up to 70%

Rear axle

Extremely robust rigid axle with high degree of axial twist supports the chassis and the body. The rigid axle is connected to the ladder frame by means of two lower and two upper trailing arms as well as a panhard rod, which prevents sideways movements in the suspension in terms of between the vehicle body and rigid rear axle, and ensures the necessary traction even in the most difficult terrain and based on the road surface.

Front axle

It is executed as a double-wishbone axle with independent suspension and spring strut and ensures the necessary traction in even the most difficult off-road terrain. The new independent suspension enables more precise wheel location, thus in turn enabling better control of the G-Class.

Body

The ladder frame has formed the basis for the G-Class since the very beginning. The ladder frame consists of sheet steel of up to 3.4 mm in thickness with closed side members and cross members. This design is considerably more robust and better suited to off-road use than a self-supporting body.

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

Inside, luxury meets adventure

The G-Class combines timeless design with advanced technology, featuring the MBUX infotainment system for intuitive control and smartphone integration for seamless connectivity. Additionally, its THERMOTRONIC 3-zone automatic climate control ensures a personalised feel-good atmosphere on board.

MBUX (Mercedes-Benz User Experience)

The MBUX (Mercedes-Benz User Experience) infotainment system with 12.3-inch driver and media displays including touch control is in all model variants for the first time. Smartphone integration connects the mobile phone wirelessly to the MBUX multimedia system via Android Auto Wireless® or Apple CarPlay®.

Smartphone integration¹

Smartphone integration¹ merges the mobile phone with the infotainment system via Apple CarPlay® and Android Auto™. This gives you convenient access to the most important applications on your smartphone. You can also use apps from third-party service providers such as Spotify quickly and easily.

THERMOTRONIC automatic climate control

The THERMOTRONIC automatic climate control system with three climate zones and three climate styles provide an individual feel-good atmosphere on board. The driver and front passenger are able to set the temperature, air distribution and climate style to suit their personal needs. The third climate zone is in the rear – with separately adjustable temperature and airflow.

¹Compatible mobile phone required

Cares for what matters Driving Assistance package¹

The Driving Assistance package¹ contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency. The Driving Assistance package is standard on all G-Class models.

Active Brake Assist with turn-off function with vehicle, pedestrian and bicycle detection incl. collision warning with autonomous emergency braking function

Active Distance Assist DISTRONIC helps maintain the desired distance from the vehicle in front

Active Emergency Stop Assist: immediate emergency braking if evasion is impossible

Active Lane Keeping Assist with visual and audible warning when a lane change is requested and a vehicle is detected in the blind spot

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Steering Assist: targeted steering intervention to prevent unintentional drifting out of lane with Active Emergency Stop Assist with SOS function and emergency lane function

Blind Spot Assist can warn the driver of vehicles in the blind spot during a lane change

Extended restart on motorways

PRE-SAFE® Impulse side²

Route-based speed adjustment: adaption of speed before curves, roundabouts and junctions

Traffic Sign Assist recognises speed limits, overtaking bans and entry restrictions using camera and map data

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

²Only available when MANUFAKTUR package (code DPM) is selected (standard on Mercedes-AMG G 63 MANUFAKTUR Edition and Mercedes-AMG G 63 Magno Edition)

Digital Extras

Stay connected any time, anywhere

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service - Digital Extras help to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the
Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort - connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

The all-new electric G-Class

The G 580 with EQ Technology

Introducing the groundbreaking G 580 with EQ Technology AMG Line Premium Plus, a marvel of electric innovation redefining the iconic G-Class experience. Harnessing cutting-edge EQ technology, it propels the legendary G-Wagon into a new era of sustainable performance and electrifying power.

G 580 with EQ Technology AMG Line Premium Plus

Battery electric vehicle, 587hp/432kW
Electric range 280–283 miles – WLTP

OTR from **£154,870¹**

Standard equipment

Charging cable – Mode 3 cable (5 metres, straight) for wallbox and public charging stations

Charging socket

Charging system – rated at 11kW AC

Charging system – rated at 200 kW DC

ELECTRIC DYNAMIC SELECT with five transmission modes: 'Comfort', 'Sport', 'Individual', 'Trail', 'ROCK' and five recuperation levels 'Dauto', 'D+', 'D', 'D-', 'D - -'

G-ROAR – a unique sound experience inspired by the sound of a V8 engine

G STEERING² – can significantly reduce the turning circle of the all-new electric G-Class when driving off-road or on loose surfaces

G TURN² – drivers can turn the all-new electric G-Class almost on the spot. The vehicle performs up to two complete vehicle turns in the desired direction on unpaved or loose surfaces

Off-road crawling³

Remote and Charging Services Plus⁴

Suspension with selective passive damping system

Technical details

Equivalent All-Electric Range (EAER) ⁵	280–283 miles
---	---------------

Charging time

DC charging station (200 kW) 10–80%	32 mins
Wallbox (11kW AC), 0–100%	12hrs

Electric energy consumption, combined^{5,6}

289–293 Wh/km

Battery type (capacity)

Lithium-ion (116 kWh)

Capacity on-board charger

11kW AC, 200 kW DC

Attention

°C Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control⁷ when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²It is not permissible to use G-TURN and G-STEERING on any public roads and such use is in no way authorised, promoted or condoned. Use G-TURN and G-STEERING only on loose or soft surfaces, e.g. gravel or snow, with relevant land permission. ³The intelligent off-road crawl function is an aid only. The driver is responsible at all times for maintaining a sufficient distance from the vehicle in front or from any obstacles. ⁴The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. ⁵Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ⁶Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 200 kW. ⁷Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 0–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁸Specified voltage and current values refer to network infrastructure and can be limited by the vehicle.

MB.CHARGE Public¹ One registration, one contract, one billing

MB.CHARGE Public¹ provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

MB.CHARGE Public – Private customer

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

Green charging

All charging using MB.CHARGE Public,¹ will be retrospectively 'greened' by Mercedes-Benz.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

No fees

Enjoy free access to MB.CHARGE Public's convenient, reliable, and user-friendly charging network.

MB.CHARGE Public – Business customer

Key features

- All MB.CHARGE Public Private customer features²
- Charging fleet portal
- Company payment and billing
- Flexible prices per kWh

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

²Excluding MB.CHARGE Public Private customer tariffs

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

MB.CHARGE Public¹ Private customer tariffs²

Charge smarter with our Preferred Partner Network and access exclusive savings with lower rates on Tariff L and M compared to standard tariffs. Owners of the new G 580 with EQ Technology will be entitled to the MB.CHARGE Public¹ tariff L free of charge for the duration of 3 months.²

Tariff L^{2,3}

Recommended for 'frequent drivers'

Owners of a new all-electric model are entitled to the tariff L free of charge for 3 months, benefitting from the best exclusive savings of our tariffs as well as all MB.CHARGE Public¹ features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
 - IONITY: £0.55/kWh
 - bp pulse and Smart Charge: £0.59/kWh + £0.17/min after 90 mins
- 15% discount across the rest of the MB.CHARGE Network

Free of charge for the duration of 3 months.²

Thereafter:

£9.90/month

Tariff M^{2,3}

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 3 months, tariff M offers discounted pricing across our Preferred Partner Network, recommended for regular drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
 - IONITY: £0.62/kWh
 - bp pulse and Smart Charge: £0.69/kWh + £0.17/min after 90 mins
- 10% discount across the rest of the MB.CHARGE Network

£4.90/month

Tariff S²

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 3 months, tariff S offers all MB.CHARGE Public¹ features with flexible pay-per-use pricing across the entire network. This tariff is recommended for casual drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Flexible prices per kWh depending on provider

£0/month

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. Register from 1st December 2025 to qualify. Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 3 month promotion period.

²This offer is exclusively for consumers. The distinction between consumer and business is determined by the type of vehicle linkage (private profile or company profile). ³Customers must register from 1st December 2025 to qualify. Price information is not guaranteed and is subject to change. Please be aware that this tariff will automatically renew after the 3 month promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs>

Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

Home charging with Ohme: from £925* incl. VAT and standard installation

Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.¹ To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change.

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found [here](#)

Home charging with Pod

Simple, convenient, fast charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

Home charging with Pod from £899* inc. VAT and standard installation¹ or £0 Pod Drive sign-up fee

Pod Drive

Pod Drive is a new all-inclusive subscription service to spread the cost of installing a homecharger. £0 sign-up fee for Mercedes-Benz customers (usually £99) and £40 a month for 3 years. The service includes additional benefits such as 7,500 miles a year in cashback and enhanced warranty cover.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

Key benefits of Pod:

Pod is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Buy a Pod Point for a discounted cost of £899 for an untethered and £949 for a tethered. Or, sign up for Pod Drive with a £0 sign-up fee.

The Pod public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up 15 m of external cabling.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.² To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

¹Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change. ²Full terms and conditions of home charging with Pod can be found [here](#)

²The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found [here](#)

Become the AMG expert

Unleash a new level of performance.

Step into the world of performance and experience the AMG brand at Mercedes-Benz World – from the powerful sound of the engines to the smell of the leather to the unmistakable design of our vehicles.

Mercedes-Benz World invites all Mercedes-AMG customers to a complimentary adrenaline-packed driving experience. Feel the sensational AMG driving performance, develop your driving skills and even try your hand at power-sliding on the Wet Skid Circle. With expert one-to-one guidance from a Driving Specialist in the passenger seat, experience every inch of our Handling Circuits, Dynamic Straight and low friction surfaces.

[Click here for more information](#)

TERMS AND CONDITIONS

The following customers only are eligible: The first purchaser/registered keeper of a newly registered Mercedes-AMG. The complimentary training must be booked and taken within 12 months of email receipt. The training is available Monday - Friday only (excluding bank holidays) and subject to availability. Upgrades are available for an additional cost, details upon request. Transferable to individuals who reside at the same postal address only. Mercedes-Benz UK Limited reserves the right to amend or withdraw this training experience. Attendees must hold a full UK driving licence. Attendees will be required to sign the Mercedes-Benz World Driving Risk Acknowledgement prior to undertaking the training experience.

The training experience is also subject to the Mercedes-Benz World Terms and Conditions, as applicable. Retailer demonstrator vehicles are not eligible.

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

Design Box

Easily store your charging cable in the design box – a characteristic feature of the G-Class with EQ Technology – on the rear door. In place of the spare wheel.

Design Box (code RS2) – designed and priced as a package, including items listed below.

Available on G 580 with EQ Technology AMG Line Premium Plus only

No-cost option

Not available in conjunction with MANUFAKTUR Schöckl Design package (code HK1)
Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

Consisting of:

Rectangular Design Box on the rear door (upper section in black, lower section painted in body colour)

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

MANUFAKTUR Schöckl Design package

With the MANUFAKTUR Schöckl Design package, you can enhance the visual appeal of your vehicle. The MANUFAKTUR Schöckl insert within the spare wheel cover, MANUFAKTUR Schöckl exterior protective strip, and MANUFAKTUR Schöckl front door sill panels are all meticulously crafted to represent rugged sophistication.

MANUFAKTUR Schöckl Design package (code HK1)
– designed and priced as a package, including items listed below.

Available on AMG Line Premium Plus only
Total incl. VAT £850.00

Not available in conjunction with the Design Box (code RS2)

Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

Consisting of:

MANUFAKTUR Schöckl insert in spare wheel cover

MANUFAKTUR Schöckl exterior protective strip

MANUFAKTUR Schöckl front door sill panels

[Book a test drive](#)[Find your G-Class](#)[Find a Showroom](#)

AMG Performance package

The AMG Performance package has been meticulously crafted to redefine your driving experience. With the inclusion of the RACE START function as well as the AMG Driver's package, boosting the top speed to an electrifying 149 mph, every moment behind the wheel is defined by unparalleled speed and precision.

AMG Performance package (code PT3) – designed and priced as a package, including items listed below.

Available on all Mercedes-AMG G 63 models only
Total incl. VAT £1,445.00

Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

Consisting of:

AMG Driver's package – increases top speed to 149 mph

RACE START function – the RACE START function in the 'Sport' and 'Sport+' drive programmes allows you to access the full sprint potential. Increased start-off engine speed in combination with optimum gearshift timing results in maximum traction. RACE START is also shown on the instrument display.

Genuine accessories

We've developed a range of Accessories you can add to help personalise and enhance your G-Class.

Boot tub, flat

For everyday transport. There is a lot that needs to be transported in this day and age of mobility: The easy-clean boot tub is also suitable for liquids. The shape of the tub, with its slightly raised edge, is optimally tailored to the load area. Very robust – made from impact-resistant, non-split polypropylene. Odourless. The honeycomb structure prevents the load from slipping. Protected base. (A4658103402)

Basic carrier bars, three crossbars

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of transport accessories: ski and snowboard rack, bicycle rack or roof boxes. Fitted in next to no time without the use of tools, thanks to new, innovative quick-release fasteners. (A4638902900)

Roof spoiler

Unflinchingly individual: a roof spoiler from Mercedes-Benz sets your vehicle apart. It gives the rear a more compact, powerful, accentuated look. Head-turning bodystyling, and safe too: the roof spoiler does not affect the field of vision. Quality on top: the roof spoiler is highly durable, thanks to the use of precision-fit, dimensionally stable polyurethane. Also offers many other compelling selling points: for example it is simple to secure in place using special adhesive tape. Supplied primed – ideal for painting. Does not need to be entered in vehicle documents. (A4657930000)

Door handle recesses

An exclusive highlight: the refined, chrome-design door handle recesses lend the vehicle a polished, individual look. The stable, robust material is precision-tailored to the bodywork and protects the paintwork in the recess from scratches. (A4657201300)

AMG velour floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. Can be clip-fastened to the floor to prevent slipping. (A46568064019J74)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Road fund licence rates for tax year 2025/26, effective from 1 April 2025

Band	CO ₂ emissions (g/km)	First year rate (£)	Standard rate (£)	Premium rate (£) ¹
A	0	10.00	195.00	620.00
B	1 to 50	110.00	195.00	620.00
C	51 to 75	130.00	195.00	620.00
D	76 to 90	270.00	195.00	620.00
E	91 to 100	350.00	195.00	620.00
F	101 to 110	390.00	195.00	620.00
G	111 to 130	440.00	195.00	620.00

Services and insurance

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your G-Class, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

[Click here for more information](#)

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover¹. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

Battery Warranty

The battery is under warranty for either a maximum distance of 100,000 miles or up to eight years from the date of first registration, whichever comes first.

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects² and up to 30 years warranty against perforation due to corrosion from the inside out.³ What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.³

¹Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

²Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

³Subject to full Terms and Conditions, dependent on date of registration, available upon request

Effective from December 2025 Production. Information correct at time of publication 05.12.2025.
Prices and specifications are subject to change without prior notice.
