SOFT TOP

Sunshine state of mind: in about only 15 seconds, the automatic soft-top system of the Mercedes-AMG SL gives your customers their own personal place in the sun. With the top down, the SL impresses with outstanding comfort all year round. Even when the outside temperature is very low, the AIRSCARF and the zone seat heating create a cosy atmosphere.

The fully automatic, comprehensively insulated fabric top opens in about only 15 seconds at vehicle speeds of up to 37 mph.

2+2 SEATING

In everyday life, your customers will benefit from the intelligent space layout, as the SL is designed as a practical 2+2 seater. The fixed rear seat offers space for two additional occupants up to 1.50 metres tall or serves as additional stowage space within easy reach.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

Mercedes-AMG SL

TECHNOLOGY

MERCEDES-BENZ USER EXPERIENCE (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the Mercedes-AMG SL into your very own Mercedes-AMG by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹LINGUATRONIC off-board functions are currently only available for three years

Design	Technology	Plug-in Hybrid	Model lines	Driving experience	Model prices	Personalisation	Standard equipment	Technical data	Additional information
--------	------------	----------------	-------------	--------------------	--------------	-----------------	--------------------	----------------	------------------------

AMG PERFORMANCE 4MATIC+

For the first time, the SL also puts its power on the road with the state-of-the-art AMG Performance 4MATIC+ all-wheel drive system. In combination with the powerful M177 4.0-litre V8 biturbo engine, your customers will enjoy a driving experience at the highest level.

Only available on the Mercedes-AMG SL 55 4MATIC+ and Mercedes-AMG SL 63 4MATIC+

Design	Technology	Plug-in Hybrid	Model lines	Driving experience	Model prices	Personalisation	Standard equipment	Technical data	Additional information
------------------------	----------------------------	--------------------------------	-----------------------------	------------------------------------	------------------------------	---------------------------------	------------------------------------	--------------------------------	--

REAR AXLE STEERING

AMG rear axle steering combines attributes which are not normally combinable: driving safety and comfort as with a long wheelbase, yet the agility of a vehicle with a short wheelbase. On each rear wheel there is an electric actuator motor which can turn the wheels in the same direction as the front wheels or in the opposite direction, depending on the vehicle's speed. In extremely sporty situations, adaptation by the rear axle steering can avoid ESP® intervention.

Only available on the Mercedes-AMG SL 55 4MATIC+ and Mercedes-AMG SL 63 4MATIC+.

DIGITAL EXTRAS

Stay connected any time, anywhere

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service - Digital Extras helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

Comfort - connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers
¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model
²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

PLUG-IN HYBRID

[Book a test drive](#)[Find your Mercedes-AMG SL](#)[Find a Showroom](#)

PLUG-IN HYBRID ELECTRIC VEHICLE (PHEV) The Mercedes-AMG SL 63 S E PERFORMANCE

The new Mercedes-AMG SL 63 S E PERFORMANCE combines the best of two worlds: outstanding AMG power meets innovative, highly efficient hybrid technology.

Mercedes-AMG SL 63 S E PERFORMANCE
Petrol – 3,982 cc, 8-cylinder, 612 hp/450 kW
Electric motor – 204 hp/150 kW

OTR from **£198,210¹**

Standard equipment

150 kW electric motor for all-electric driving for combined system output of 816 hp

Battery with a capacity of 4.84 kWh and high-performance cooling that tolerates high charging and discharging currents

Charging cable – Mode 2 cable (5 metres, straight) for domestic socket

Charging cable – Mode 3 cable (5 metres, straight) for wallbox and public charging station

Charging socket

Charging system rated at 3.7 kW AC

Pre-entry climate control²

Radar-based recuperation

Remote and Charging Services Premium²

Technical details

Equivalent All-Electric Range (EAER) ³	7 miles
Charging time	
Wallbox (3.7 kW AC, 3-phase) 25-100% ⁴	1hr 30 mins
Energy consumption, combined ^{3,5}	336 Wh/km
Battery type (capacity)	lithium-ion (4.84 kWh)
Capacity on-board charger	3.7 kW AC

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. ³The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 25-100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁵The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency.

MB.CHARGE PUBLIC¹ One registration, one contract, one billing

MB.CHARGE Public¹ provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

MB.CHARGE Public – Private customer

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

Green charging

All charging using MB.CHARGE Public¹ will be retrospectively 'greened' by Mercedes-Benz.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

No fees

Enjoy free access to MB.CHARGE Public's convenient, reliable, and user-friendly charging network.

MB.CHARGE Public – Business customer

Key features

- All MB.CHARGE Public Private customer features²
- Charging fleet portal
- Company payment and billing
- Flexible prices per kWh

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

²Excluding MB.CHARGE Public Private customer tariffs

MB.CHARGE PUBLIC¹ Private customer tariffs²

Charge smarter with our Preferred Partner Network and access exclusive savings with lower rates on Tariff L and M compared to standard tariffs.

Tariff L²

Recommended for 'frequent drivers'
Choose our tariff L to benefit from the best exclusive savings of our tariffs as well as all MB.CHARGE Public¹ features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
 - IONITY: £0.55/kWh
 - bp pulse, Be.EV and Smart Charge: £0.59/kWh + £0.17/min after 90 mins
- 15% discount across the rest of the MB.CHARGE Network

£9.90/month

Tariff M²

Recommended for 'regular drivers'
Tariff M offers discounted pricing across our Preferred Partner Network, recommended for regular drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
 - IONITY: £0.62/kWh
 - bp pulse, Be.EV and Smart Charge: £0.69/kWh + £0.17/min after 90 mins
- 10% discount across the rest of the MB.CHARGE Network

£4.90/month

Tariff S²

Recommended for 'casual drivers'
Should you prefer flexibility, tariff S offers all MB.CHARGE Public¹ features with flexible pay-per-use pricing across the entire network. This tariff is recommended for casual drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Flexible prices per kWh depending on provider

£0/month

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. Price information is not guaranteed and is subject to change. For definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs>

²This offer is exclusively for consumers. The distinction between consumer and business is determined by the type of vehicle linkage (private profile or company profile)

NEXT GENERATION OF HOME EV CHARGING WITH OHME

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

Home charging with Ohme: from £925* incl. VAT and standard installation

Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.¹ To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £500 OZEV EVHS Grant. Price correct at time of publication, subject to change. ¹The home charger £500 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found [here](#)

HOME CHARGING WITH POD Simple, convenient, fast charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

Home charging with Pod from £899* inc. VAT and standard installation¹ or £0 Pod Drive sign-up fee

Pod Drive

Pod Drive is a new all-inclusive subscription service to spread the cost of installing a homecharger. £0 sign-up fee for Mercedes-Benz customers (usually £99) and £40 a month for 3 years. The service includes additional benefits such as 7,500 miles a year in cashback and enhanced warranty cover.

Key benefits of Pod:

Pod is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Buy a Pod Point for a discounted cost of £899 for an untethered and £949 for a tethered. Or, sign up for Pod Drive with a £0 sign-up fee.

The Pod public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up to 15m of external cabling.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.² To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £500 OZEV EVHS Grant. Price correct at time of publication, subject to change ¹Full terms and conditions of home charging with Pod can be found [here](#) ²The home charger £500 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). ¹The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 68 for the relevant rate for the second and subsequent years. ⁴The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

MANUFAKTUR: THE ART OF CUSTOMISATION

Individual craftsmanship

Timeless allure

Exclusive colours

MANUFAKTUR EXCLUSIVE PAINTS

Take your Mercedes-AMG SL to new heights with the MANUFAKTUR exclusive paint range, offering an extensive range of stunning colours in non-metallic, metallic, and magno matt finishes – crafted for those who expect nothing less than the extraordinary. Each MANUFAKTUR exclusive paint embodies a meticulous process, offering the highest level of individualisation and exclusivity available for the Mercedes-AMG SL.

Whether you're drawn to classic sophistication or something bold and modern, these exclusive shades are designed to reflect your personal style. From the eye-catching Brilliant Blue magno to the distinctive Northern Light Violet metallic, these hues go beyond colour – they're bold statements that make your vehicle truly one-of-a-kind.

For more information, speak to your local Mercedes-Benz Agent or explore our configurator to view all MANUFAKTUR exclusive paint finishes and discover how they can transform your Mercedes-AMG SL into a true expression of your style.

V8 EXTERIOR STYLING PACKAGE

The V8 Styling package gives your vehicle an even more expressive design.

V8 Exterior Styling package (code P90)

Front apron in eight-cylinder look with specific ventilation grilles

Side sill panels in eight-cylinder look

Rear apron in eight-cylinder look

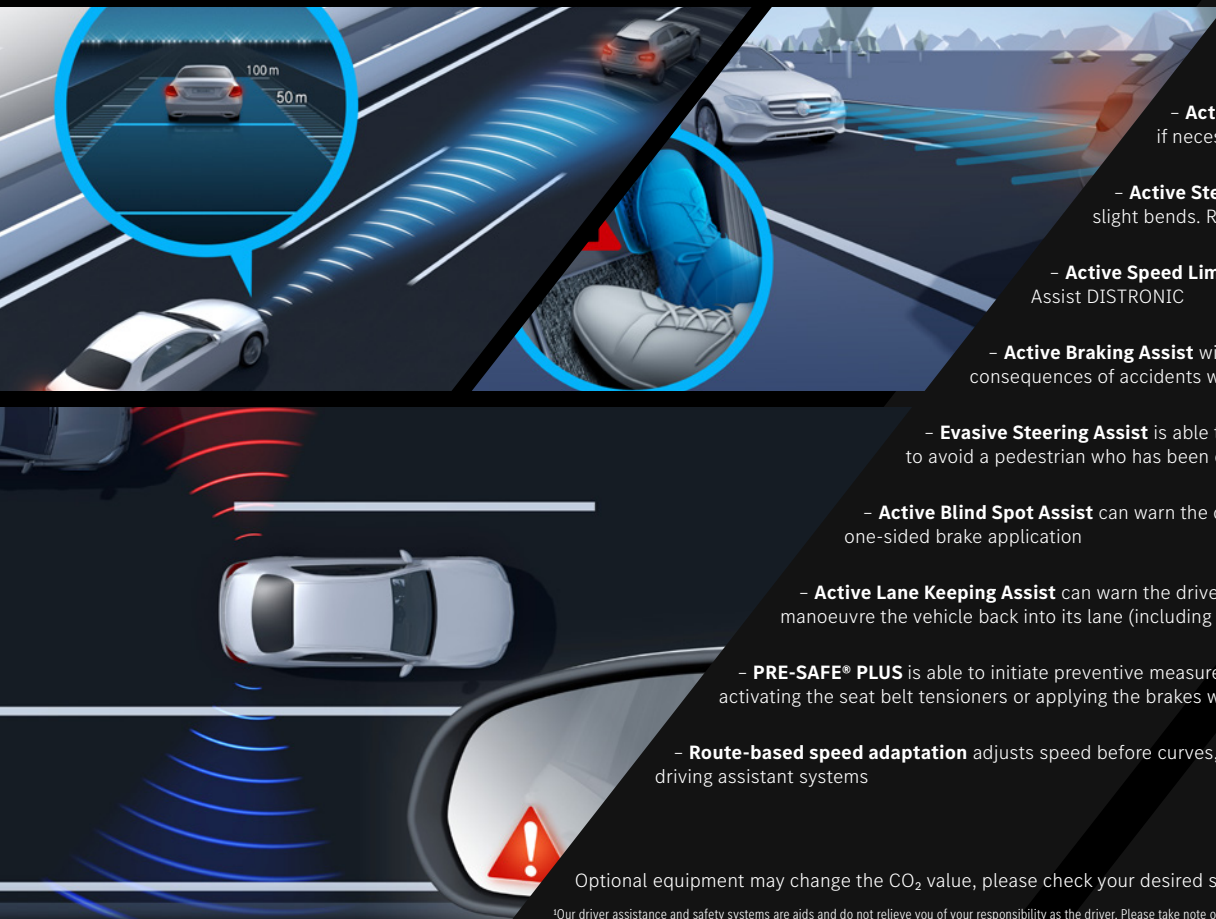

**Mercedes-AMG SL43 Premium and
Mercedes-AMG SL43 Premium Plus only**

Total incl. VAT £3,100.00

Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

DRIVING ASSISTANCE PACKAGE (code P20)

The Driving Assistance package¹ contains a range of highly intelligent features to help you stay safe on the road.

- **Active Distance Assist DISTRONIC** controls the distance to vehicles in front up to a speed of 131 mph and if necessary brakes the vehicle with up to 50% of the maximum braking power
- **Active Steering Assist** helps the driver keep the vehicle in the centre of its lane on straight stretches of road or slight bends. Reduces the risk of accidents and improves protection for both the occupants and other road users
- **Active Speed Limit Assist** adopts speed limits detected automatically as the new set speed for Active Distance Assist DISTRONIC
- **Active Braking Assist** with Cross-Traffic Function and Congestion emergency braking function can help to avoid or lessen the consequences of accidents with vehicles in front as well as crossing vehicles and pedestrians
- **Evasive Steering Assist** is able to support the driver with making an evasive manoeuvre when, in a situation of danger, he/she decides to avoid a pedestrian who has been detected by the system
- **Active Blind Spot Assist** can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one-sided brake application
- **Active Lane Keeping Assist** can warn the driver when they unintentionally leave their lane and can use one-sided brake applications to help manoeuvre the vehicle back into its lane (including in the case of broken lane markings if there is a risk of collision)
- **PRE-SAFE® PLUS** is able to initiate preventive measures to protect occupants against an impending rear impact, including warning traffic following behind, activating the seat belt tensioners or applying the brakes when the vehicle is stationary
- **Route-based speed adaptation** adjusts speed before curves, roundabouts, junctions, toll roads. Allows for smoother and more accurate functionality of several driving assistant systems

Total incl. VAT £2,500.00

Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein. ²The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers. ³To use this service, you must register on the Mercedes-Benz portal and also accept the Terms of Use for the Digital Extras. In addition, the respective vehicle must be paired with the user account. Upon expiry of the initial term, the services can be extended for a fee. Initial activation of the services is possible within 1 year of first registration or commissioning by the customer, whichever occurs first. ⁴Please be aware Mercedes-Benz emergency call system comes as standard for the first 10 years of the vehicle's lifecycle.

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 25-100% charge using a wallbox (three-phase) or standard socket (single-phase)

Insurance ratings may vary depending on model line and specification.								

⁵Mass of the vehicle in running order with at least 90% full fuel tank, plus the mass of the driver (estimated by law at 75 kg), fuel and fluids, equipped with the standard equipment as specified by the manufacturer as well as, where applicable, the mass of the body, cab, trailer coupling and spare wheel(s) as well as tools. Optional extras, additional equipment and accessories can influence the weight, residual payload, rolling resistance, aerodynamics, etc., and therefore also affect the consumption/CO₂ values. ⁶All figures are based on a standard specification with the smallest tyre size. ⁷The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence. ⁸The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK.

Mercedes-AMG SL 43

Mercedes-AMG SL 55 4MATIC+

All measurements in millimetres. The dimensions shown are mean values and apply to standard-specification, unladen vehicles

--------	------------	----------------	-------------	--------------------	--------------	-----------------	--------------------	----------------	------------------------

ROAD FUND LICENCE

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Road fund licence rates for tax year 2026/27, effective from 1 April 2026

Band	CO ₂ emissions (g/km)	First year rate (£)	Standard rate (£)	Premium rate (£) ¹
A	0	10.00	200.00	640.00
B	1 to 50	115.00	200.00	640.00
C	51 to 75	135.00	200.00	640.00
D	76 to 90	280.00	200.00	640.00
E	91 to 100	365.00	200.00	640.00
F	101 to 110	405.00	200.00	640.00
G	111 to 130	455.00	200.00	640.00
H	131 to 150	560.00	200.00	640.00
I	151 to 170	1,410.00	200.00	640.00
J	171 to 190	2,270.00	200.00	640.00
K	191 to 225	3,420.00	200.00	640.00
L	226 to 255	4,850.00	200.00	640.00
M	over 255	5,690.00	200.00	640.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price
¹Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

SERVICES AND INSURANCE

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your Mercedes-AMG SL, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

[Click here for more information](#)

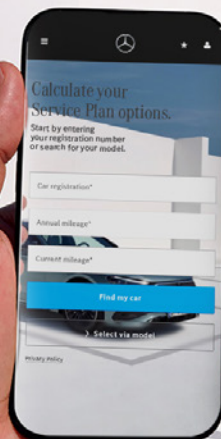

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents
Mercedes-Benz Motor Insurance is underwritten by Aviva Insurance UK Limited. Credit provided, subject to status, by Mercedes-Benz Financial Services UK Ltd, MK15 8BA

²Subject to full Terms and Conditions, dependent on date of registration, available upon request

³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover.³ It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.
