MERCEDES-BENZ USER EXPERIENCE (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

• Activated by the keywords "Hey Mercedes", the new intelligent voice control LINGUATRONIC1 lets you control many of the infotainment functions, including destination input, phone calls or music selection

- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say "I feel cold" and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the Mercedes-AMG SL into your very own Mercedes-AMG by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

• Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX - it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

PLUG-IN HYBRID ELECTRIC VEHICLE (PHEV) The Mercedes-AMG SL 63 S E PERFORMANCE

The new Mercedes-AMG SL 63 S E PERFORMANCE combines the best of two worlds: outstanding AMG power meets innovative, highly efficient hybrid technology.

Mercedes-AMG SL 63 S E PERFORMANCE

Petrol - 3,982 cc, 8-cylinder, 612 hp/450 kW Electric motor - 204 hp/150 kW

OTR from £196,7401

Standard equipment

150 kW electric motor for all-electric driving for combined system output of 816 hp

Battery with a capacity of 4.84 kWh and high-performance cooling that tolerates high charging and discharging currents

Charging cable - Mode 2 cable (5 metres, straight) for domestic socket

Charging cable - Mode 3 cable (5 metres, straight) for wallbox and public charging station

Charging socket

Charging system rated at 3.7 kW AC

Pre-entry climate control²

Radar-based recuperation

Remote and Charging Services Premium²

Technical details	
Equivalent All-Electric Range (EAER) ³	7 miles
Charging time Wallbox (3.7 kW AC, 3-phase) 25–100% ⁴	3 hrs 40 mins
Energy consumption, combined ^{3,5}	336 Wh/km
Battery type (capacity)	lithium-ion (4.84 kWh)
Capacity on-board charger	3.7kW AC

1 The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different specification, or at a different price 2The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers 3The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging "Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 25-100% charge using a wallbox (three-phase) or standard socket (single-phase) *The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency

MB.CHARGE PUBLIC¹ Private customer tariffs²

Charge smarter with our Preferred Partner Network and access exclusive savings with lower rates on Tariff L and M compared to standard tariffs.

Tariff L^{2,3}

Recommended for 'frequent drivers' Choose our tariff L to benefit from the

best exclusive savings of our tariffs as well as all MB.CHARGE Public1 features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
 - IONITY: £0.55/kWh
 - bp pulse and Smart Charge: £0.59/kWh + £0.17/min after 90 mins
- 15% discount across the rest of the MB.CHARGE Network

Tariff M^{2,3}

Recommended for 'regular drivers'

Tariff M offers discounted pricing across our Preferred Partner Network, recommended for regular drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
- IONITY: £0.62/kWh
- bp pulse and Smart Charge: £0.69/kWh + £0.17/min after 90 mins
- 10% discount across the rest of the MB.CHARGE Network

Tariff S²

Recommended for 'casual drivers'

Should you prefer flexibility, tariff S offers all MB.CHARGE Public¹ features with flexible pay-per-use pricing across the entire network. This tariff is recommended for casual drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Flexible prices per kWh depending on provider

£9.90/month £4.90/month

£0/month

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers 2This offer is exclusively for consumers. The distinction between consumer and business is determined by the type of vehicle linkage (private profile or company profile) Price information is not guaranteed and is subject to change. For definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs

NEXT GENERATION OF HOME EV CHARGING WITH OHME

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

Home charging with Ohme: from £925* incl. VAT and standard installation

Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easyto-use charging products

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime - the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger. To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change ¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found here

HOME CHARGING WITH POD Simple, convenient, fast charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

Home charging with Pod from £899* inc. VAT and standard installation¹ or £0 Pod Drive sign-up fee

Pod Drive

Pod Drive is a new all-inclusive subscription service to spread the cost of installing a homecharger. £0 sign-up fee for Mercedes-Benz customers (usually £99) and £40 a month for 3 years. The service includes additional benefits such as 7,500 miles a year in cashback and enhanced warranty cover.

Key benefits of Pod:

Pod is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Buy a Pod Point for a discounted cost of £899 for an untethered and £949 for a tethered. Or, sign up for Pod Drive with a £0 sign-up fee.

The Pod public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up 15 m of external cabling.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.² To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

¹Full terms and conditions of home charging with Pod can be found here *Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). DRIVING ASSISTANCE PACKAGE (code P20)

The Driving Assistance package¹ contains a range of highly intelligent features to help you stay safe on the road.

- Active Distance Assist DISTRONIC controls the distance to vehicles in front up to a speed of 131 mph and if necessary brakes the vehicle with up to 50% of the maximum braking power

- Active Steering Assist helps the driver keep the vehicle in the centre of its lane on straight stretches of road or slight bends. Reduces the risk of accidents and improves protection for both the occupants and other road users

- Active Speed Limit Assist adopts speed limits detected automatically as the new set speed for Active Distance Assist DISTRONIC

- Active Braking Assist with Cross-Traffic Function and Congestion emergency braking function can help to avoid or lessen the consequences of accidents with vehicles in front as well as crossing vehicles and pedestrians

- Evasive Steering Assist is able to support the driver with making an evasive manoeuvre when, in a situation of danger, he/she decides to avoid a pedestrian who has been detected by the system

- Active Blind Spot Assist can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one-sided brake application

- Active Lane Keeping Assist can warn the driver when they unintentionally leave their lane and can use one-sided brake applications to help manoeuvre the vehicle back into its lane (including in the case of broken lane markings if there is a risk of collision)

- PRE-SAFE® PLUS is able to initiate preventive measures to protect occupants against an impending rear impact, including warning traffic following behind, activating the seat belt tensioners or applying the brakes when the vehicle is stationary

- Route-based speed adaptation adjusts speed before curves, roundabouts, junctions, toll roads. Allows for smoother and more accurate functionality of several driving assistant systems

Total incl. VAT £2,500.00

Optional equipment may change the CO2 value, please check your desired specification on the online configurator

*Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

ROAD FUND LICENCE

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Road fund licence rates for tax year 2025/26, effective from 1 April 2025

Band	CO ₂ emissions (g/km)	First year rate (£)	Standard rate (£)	Premium rate (£)1
А	0	10.00	195.00	620.00
В	1 to 50	110.00	195.00	620.00
С	51 to 75	130.00	195.00	620.00
D	76 to 90	270.00	195.00	620.00
Е	91 to 100	350.00	195.00	620.00
F	101 to 110	390.00	195.00	620.00
G	111 to 130	440.00	195.00	620.00
Н	131 to 150	540.00	195.00	620.00
I	151 to 170	1,360.00	195.00	620.00
J	171 to 190	2,190.00	195.00	620.00
К	191 to 225	3,300.00	195.00	620.00
L	226 to 255	4,680.00	195.00	620.00
М	over 255	5,490.00	195.00	620.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

SERVICES AND INSURANCE

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your Mercedes-AMG SL, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

ServiceCare – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.

 CompleteCare – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.

• Extended Warranty – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

Click here for more information

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover.³ It gives you 5 days' free comprehensive

Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

Motor Insurance

Apply for First Cover

³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
