Sustainable production.

All of our Mercedes-Benz cars and vans factories around the world plan to be CO₂ neutral by 2022. The EQB is built at the Mercedes-Benz Kecskemet plant in Hungary.

Rastatt factory shown

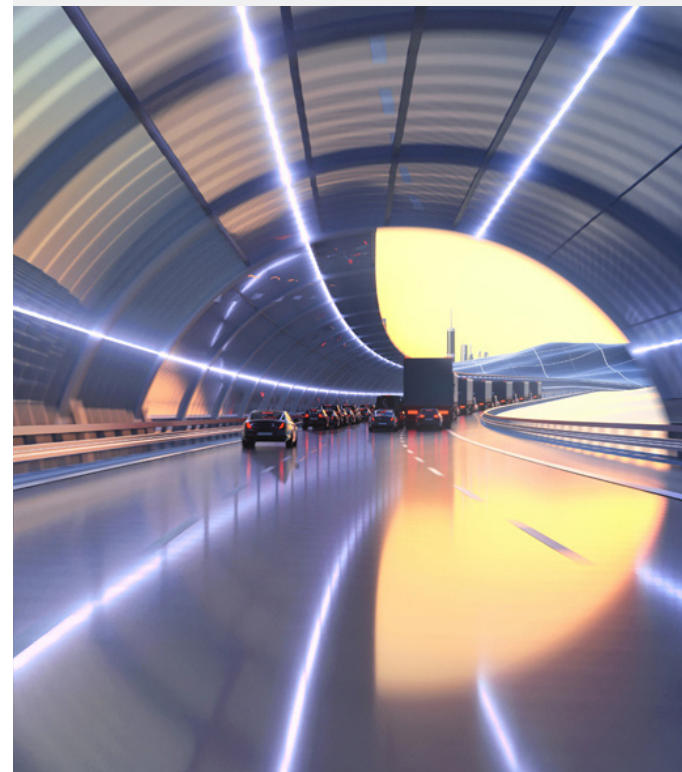

Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.

Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

Mercedes me Charge - Green charging

To promote the use of electricity from renewable energies, Mercedes-Benz uses guarantees of origin to 'green' the charging process.

This ensures that an equivalent amount of electricity from renewable resources is fed into the grid to compensate for the charging of your EQB.

All new EQBs have Mercedes me Charge as standard and the Green Charging guarantee is included with this.

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or optional gesture input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Multi-gesture touchpad control

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the new EQB into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Mercedes me connect Stay connected any time, anywhere.

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Mercedes-EQ specific services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model Images shown are for illustration purposes only

Benefits of driving Mercedes-EQ

Mercedes-EQ couple the locally emission free, refined drive and effortless powertrain of an electric vehicle with the luxury, elegance and high-quality craftsmanship of a Mercedes-Benz.

[Click here for more information](#)

Lower running costs

We've partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low's cost saving calculator to see how much you can save. Click [here](#) to discover more.

Performance

Instant torque provides effortless driving pleasure.

No road fund licence

Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Cleaner vehicle discount

Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London.

Business benefits

With 100% first-year capital allowances¹ and 2% BIK tax, electric cars offer significant benefits to businesses and employees.

Refinement

Acoustically optimised and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

EQB

MERCEDES-EQ

The compact car family from Mercedes-Benz becomes increasingly electric with the new EQB. Offering locally emission-free, efficient driving combining driving pleasure and performance with dynamic design.

EQB 300 4MATIC

Battery electric vehicle, 228 hp/168 kW
Electric range 246–253 miles – WLTP

EQB 350 4MATIC

Battery electric vehicle, 292 hp/215 kW
Electric range 246–253 miles – WLTP

Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is deactivated since wind and tyre noise tend to dominate at higher speeds

Charging cable – Type 2, Mode 3 cable (5 metres), enables you to charge the vehicle battery via the wallbox or at public charging stations at up to 11 kW

Charging socket

Charging system – AC charging system rated at 11kW; DC charging system rated at 100 kW

Pre-entry climate control

Radar-based recuperation

Technical details

Electric range ¹	246–253 miles
Charging time:	
AC outlet (7.4 kW) 10–100% ²	9 hrs 15 min
AC wallbox (11 kW) 10–100% ²	5 hrs 45 min
DC public rapid charging (100 kW) 10–80% ³	32 min
Range power consumption, combined ³	184–191 Wh/km
Battery type (capacity)	lithium-ion (66.5–66.7 kWh)
Capacity on-board charger	11 kW AC/100 kW DC

Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

¹Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ²Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase) ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 100 kW

Mercedes me Charge Features

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centers, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

Charging settings and pre-entry climate control

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes me app. In addition, the current charge status can be retrieved at any time using the Mercedes me app.

Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

Charging with IONITY

Discounted IONITY rapid-charging for one year at all IONITY stations.

Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

No fees

Mercedes me Charge is standard with EQB.

Mercedes me Charge Tariffs

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Mercedes-EQ model will be entitled to the Mercedes me Charge tariff L free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.30/kWh; DC: £0.39/kWh)¹
- IONITY rapid-charging stations discounted (£0.26/kWh)

Free of charge for the duration of 12 months.

Thereafter:

£16.20/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.35/kWh; DC: £0.45/kWh)¹
- IONITY rapid-charging stations discounted (£0.45/kWh)

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

£0/month

¹Tariff rate excludes the BP Pulse charging network

Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with bp pulse: £999* incl. VAT and standard installation

Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK. Average costs are between £0.30–£0.55 per kW across fast, rapid and ultra-rapid charge points with the best rates on a subscription basis.

Choice of tethered or un-tethered units

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Retailer.

Questions?

Please contact your local Retailer to submit an enquiry to your chosen charging partner on your behalf. To find your local Retailer, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with Pod Point: £875* incl. VAT and standard installation

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Retailer.

11kW AC on-board charger	●	●
66.5 kWh battery	●	●
100 kW DC on-board charger	●	●
CCS-2 connector (DC charging with Combined Charging System, compatible with AC and DC)	●	●
Charging cable – Type 2, Mode 3 cable (5 metres), enables you to charge the vehicle battery via the wallbox or at public charging stations at up to 11kW	●	●
IONITY – one year, Rapid charging with IONITY	●	●
Mercedes me Charge – three year subscription – fully integrated access to a host of public charging stations. A single contract covers all billing. One-time registration and activation as part of Mercedes me connect. Use via app, MBUX multimedia system or RFID card	●	●

Steering and Suspension

	AMG Line Premium	AMG Line
Comfort suspension	●	●
Cruise control	●	●
DYNAMIC SELECT – four different drive programs: MAX RANGE, ECO, COMFORT and SPORT. Five recuperation levels: D Auto (ECO Assist, standard setting); D + (coasting); D (low recuperation); D - (medium recuperation); D - - (high recuperation)	●	●

Exterior

	AMG Line Premium	AMG Line
Adaptive Highbeam Assist	●	●
AMG Line bodystyling – AMG front apron with integrated air curtain and AMG rear apron with diffuser optics	●	●
EASY-PACK tailgate	●	●
Electrically operated panoramic glass sunroof	–	●
Heat-insulating dark-tinted glass	●	●
LED high-performance headlamps	●	●
Mirror package – automatically-dimming interior and exterior driver's mirrors; heated electrically-folding exterior mirrors	●	●
Parking package with reversing camera	●	●
Polished aluminium roof rails	●	●
Surround lighting with projection of brand logo	●	●
Windscreen wipers with rain sensor	●	●

Wheels

	AMG Line Premium	AMG Line
18" AMG alloy wheels – 5-spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, with 235/55 R18 tyres (code RQQ)	●	–
19" AMG alloy wheels – 5-twin spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, with 235/50 R19 tyres (code RTF)	–	●
Summer tyres	●	●

Standard equipment

● Standard – Not available △ Part of an optional package

Interior

	AMG Line Premium	AMG Line
Ambient lighting – 64 colours, Colour changing based on temperature setting. Dynamic mode: atmospheric colour changes thanks to slow, stepless transition between different colours. When plugging in the charging cable, each state of charge is visualised for approx. 30 seconds, similar to the LED in the charging socket: establishing connection (pulsating yellow), ready to charge (continuous yellow), battery is being charged (pulsating green), battery full (continuous green)	●	●
Auto-dimming interior mirror	●	●
Door sills – illuminated with 'EQB' lettering	●	●
Double cupholder	●	●
Floor mats – velour floor mats with AMG lettering	●	●
Interior Light package	●	●
Multifunction sports steering wheel in nappa leather	●	●
Pedals – aluminium with rubber studs	●	●
Rear armrest with through-load feature	●	●
Seats – heated front seats	●	●
Seats – Seat Comfort package including manual front passenger seat height adjustment, manual seat cushion angle adjustment for the driver and front passenger and driver manual seat cushion depth adjustment for improved seating comfort thanks to a 60 mm greater supporting surface for the thighs	●	●
Seats – sports seats	●	●
Shift paddles – galvanised	●	●
Stowage compartment with retractable cover	●	●

	AMG Line Premium	AMG Line
Stowage package – 12V socket left of the luggage compartment; collapsible crate under load compartment floor; map pockets on backs of the front seats; stowage compartment under load compartment floor (lockable); twin USB charging ports in the rear (type C)	●	●
THERMOTRONIC automatic climate control	●	●
Third seat row with folding single seats with ISOFIX	●	●

Paint, Trim and Upholstery

	AMG Line Premium	AMG Line
Paint – non-metallic	●	●
Roof lining – black fabric	●	●
Trim – black open-pore linden wood	●	●
Upholstery – ARTICO man-made leather/DINAMICA microfibre in black with red topstitching	●	●

Safety and Assistance Systems

	AMG Line Premium	AMG Line
Active Brake Assist ¹	●	●
Active Lane Keeping Assist ¹	●	●
Active Speed Limit Assist ¹	●	●
Driving Assistance package ¹	△	△
KEYLESS-GO Comfort package	–	●
Kneebag	●	●
Mercedes-Benz emergency call system	●	●
Tirefit	●	●
URBAN GUARD vehicle protection	●	●

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

Standard equipment

● Standard – Not available

Communications and In-Car Entertainment

	AMG Line Premium	AMG Line
Digital radio	●	●
Hard disk navigation	●	●
Live Traffic Information (free for first three years)	●	●
Mercedes-EQ navigation services – navigation optimised for Mercedes EQ; Display of charging stations (info on availability); Range on map (range display); Programming of charging settings and pre-entry climate control, including remote retrieval of charging status and range	●	●
MBUX multimedia system with widescreen cockpit (two 10-inch displays with touchpad)	●	●
Smartphone integration ¹	●	●
Sound system – Advanced Sound System with 10 speakers and a total system output of 225 watts. One central mid-range speaker, one mid-range speaker in each of the front doors, one tweeter each A-Pillar and one subwoofer bass box in the rear including separate booster amplifier	–	●
Sound system – Mercedes-Benz sound system with one centre speaker, two Frontbass speakers, two tweeters, four mid-range speakers and 225 W amplifier output	●	–
Wireless charging ¹ for mobile devices	–	●

Services

	AMG Line Premium	AMG Line
Vehicle Set-up and Vehicle Monitoring – three years; remote retrieval of vehicle status; programming of auxiliary heating/ventilation; remote door locking and unlocking; parking damage and theft notification; notification when exceeding the road speed; Send2Car; parked vehicle locator; geofencing; remote vehicle finder	●	●

¹Compatible mobile phone required

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQB.

DUO plus child seat, with ISOFIX

Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the 'DUO plus' child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

KIDFIX XP child seat, with ISOFIX

Support and safety for older children too: The KIDFIX XP child seat is suitable for children between the ages of 3.5 to 12 years (body weight of 15–36 kg). It is securely attached to the vehicle using ISOFIX. The front-facing seat can also be secured in place using the 3-point seat belt. (A0009704902)

Reversible mat

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. Made from 100% polyester. Double-sided: with rubberised, non-slip side and high-quality velour side. Prevents cargo from sliding around. Protects the load compartment floor from dirt and damp. Easy to clean with warm water. (A2476841600)

Basic carrier bars roof rails

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz. They provide the perfect basis for a range of Mercedes-Benz transport accessories: ski and snowboard rack, bicycle rack or roof boxes. Aerodynamic Mercedes-Benz design with optimised noise level. Crash-tested and lockable. (A2478903100)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information. Images shown are for illustration purposes only.

Bicycle rack

This extremely lightweight bicycle rack is designed to allow you to attach a bicycle to the basic carrier bars. Bicycles can either be attached to the rack once it has been fitted to the roof or, conveniently, before it is fitted. The support frame can also be folded down when not in use to reduce drag when travelling. Suitable for cycles with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). Please bear in mind your vehicle's permissible roof load. (A0008900293)

Mercedes-Benz roof box 400, opens on both sides

Mercedes-Benz roof box. Capacity approx. 400 litres. Maximum load 75 kg. With handle strip for easier opening and closing. Please bear in mind your vehicle's permissible roof load. (A0008401100)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information. Images shown are for illustration purposes only.

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing page.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate all other diesel (£) ¹	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQB, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

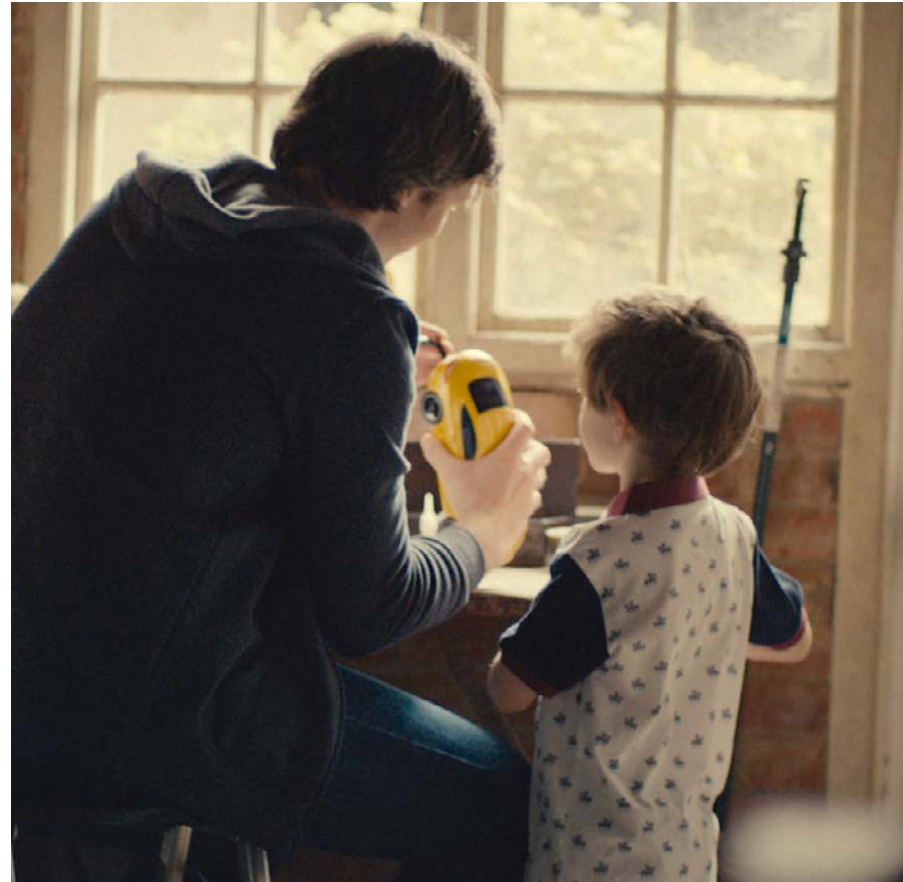

Battery Warranty

The battery comes with an eight-year 100,000-mile warranty.

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Retailer. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Retailers

²Subject to full Terms and Conditions, dependent on date of registration, available upon request

³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

Effective from June 2022 Production. Information correct at time of publication 12.05.2022.
Prices and specifications are subject to change without prior notice.
